Voluntary Cleanup and No Action Determination Application Format

Voluntary Cleanup (VCUP) and a No Action Determination (NRD) applications must be stand-alone documents, even if you supplied the required information in a previous application.

- Please submit one bound hard copy, an electronic copy (disc/thumb drive), and a check for \$2,000, all in the same submittal.

A. Executive Summary

1.0 General Information on the site. Must include the following:

- Size of property (acres)
- Current owner of the property
- Owners representative
- How many homes will be built (if applicable)
- How many jobs will be created (if applicable)
- Parcel number(s) with latitude and longitude
- Address; **include zip code and county**
- Contact person with phone number, mailing address and email address
- Type of contamination
- Current land use and zoning
- Proposed land use and zoning
- Project background

2.0 Program inclusion

- Please see VCUP road map

3.0 Environmental assessment

- Qualifications of professionals
- Phase I findings
- Phase II findings
- Physical characteristics of the site
- Groundwater information (site must be fully characterized with monitoring wells, and groundwater flow direction)
- Hydrologic properties

4.0 Applicable standards/risk determination

- Estimated extent of contamination
- Exposure pathways and mitigation (dermal contact, ingestions, vapor inhalation, leach to groundwater, migration to surface water; for soil. Groundwater, surface water, and sediment)
- Remedial Action

Department of Public Health & Environment

B. List of exhibits

- Topo map
- Site Map (with property boundaries)
- Detected Constituents in Soil Map
- Depth to Groundwater map with Flow Direction
- Location of Groundwater Wells

C. List of tables

- Detections in soils
- Detections in groundwater
- Regional groundwater

D. List of appendices (for wells)

- Phase I
- Phase II
- Materials Management Plan
- Soil Characterization and Management Plan
- Personnel qualifications
- Remediation cost estimates (Include long term monitoring)

Applying for a No Action

To apply for a No Action Determination (NAD), please follow the same requirements for a VCUP application where applicable. **A NAD application must be a stand-alone document, even if you applied for a Voluntary Cleanup Plan.**

The main difference is that an environmental professional (P.E., PG, or company officer) must certify that the property has been cleaned up and that it is protective of human health and the environment.

Example statement: Based upon the information provided to us, the analytical data we collected for groundwater, soil, and air, we feel this property is protective of human health and environment for the intended purpose (residential/commercial/industrial/open space etc.)

This needs to be signed by an environmental professional working for the company who is submitting the application on the client's behalf.

If Applying for Tax Credits:

Please submit tax credits at the same time as the VCUP application

1. Address of the property and property owner/entity (need EIN#) applying for the tax credit.
